

The Collapsible Work Cage from PowerClimber™ is a lightweight, full size cage that disassembles with no tools, to pass through an 18 inch circular opening. Now one cage offers the load rating and deck space of a full size cage and the compact size and easy disassembly of a restricted access cage.

Collapsible Aluminum Work Cage (P/N 8-0124)

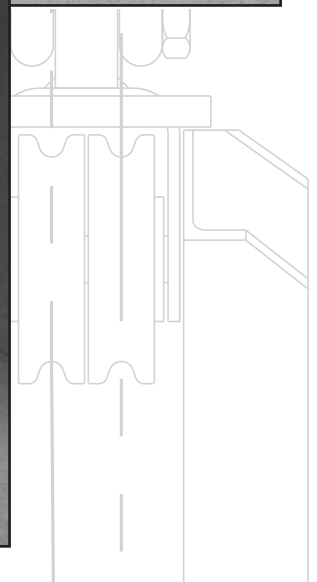

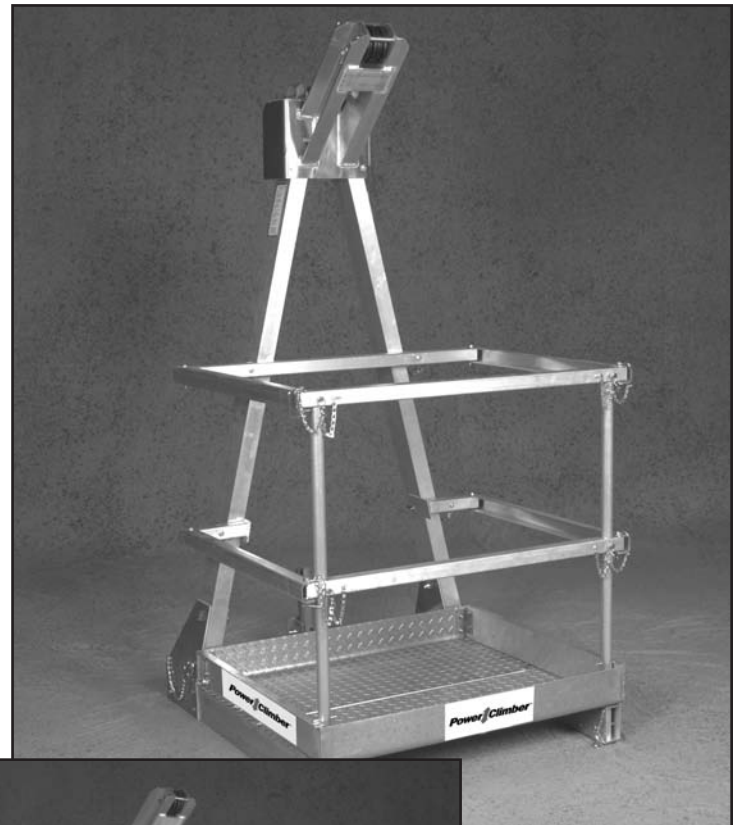

- PowerClimber™ dependability
- Compatible with Pocket Climber and most other hoist brands
- Lightweight aluminum extrusion
- Heaviest component is 60 lbs.
- Disassembles without hand tools to fit through an 18" opening

Disassembly:

- Remove hinged deck and hand rails
- Collapse mast
- Pass all through 18" circular opening

Optional Equipment

- Face Rollers (P/N 701037-1)
- Optional flydecks to provide 9 ft. long work space (P/N 700934-2)
- Casters
