

- Rigorous product development, engineering, testing & approval process
- All rigging products tested to SSFI National Testing Standards
- Backed by over 40 years of industry experience

PowerRigging

Power Climber offers a complete line of suspended access rigging solutions for a wide range of structures and applications.

Tank Top Roller – Pin Style

Features & Benefits:

Heavy duty steel construction

Fully sealed bearing allows shackles on the same shaft to pivot freely and does not require lubrication, making rolling smooth and easy.

Capped ends prevent entry of debris into shaft to prolong device life.

Designed for corrosive environments

Extensive product labels eliminate installation errors.

Part Number	Weight	Dimensions	Outreach	Load Capacity	Construction
700525-2	46 lbs (20.9 kg)	41 in. (1,041 mm) long x 4 in. (102 mm)	12 in. (304 mm)	Maximum 1,500 lbs (680.4 kg)	Steel

Ring Girder Rollers

For use on floating top petroleum and chemical storage tanks, ring girder rollers feature steel construction and a shackle for tieback and suspended loads.

Features & Benefits:

Heavy duty steel construction

Choices of wheel size and material to meet site needs

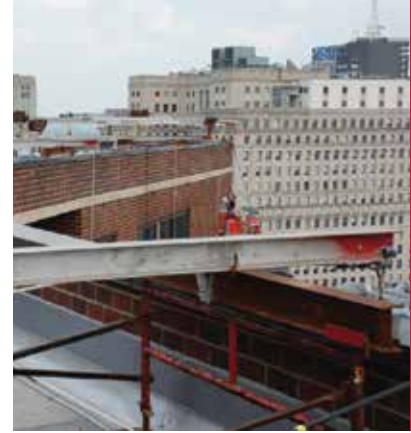

4963-04 features an 8 in. O.D. x 3 in. (203 x 76 mm) polyurethane wheel with bushings for easy transfer along girder.

4963-05 features a 3 1/2 in. O.D. x 3 1/4 in. (89 x 83 mm) non-marking plastic wheel.

4963-06 features a 2 in. (51 mm) steel wheel with 1 in. (25 mm) flanges to keep the roller tracking on the girder.

Part #	Weight	Frame Dimensions	Wheel Dimensions	Load Capacity	Construction
4963-04	30.5 lbs (13.9 kg)	25.3 x 2.5 x 7 in. (643 x 64 x 178 mm)	8 in. (203 mm)	1,000 lbs (453.6 kg)	Steel w/ polyurethane wheel
4963-05	25.5 lbs (11.6 kg)		3 1/2 in. (89 mm)		Steel w/ plastic wheel
4963-06	25.5 lbs (11.6 kg)		2 in. (51 mm)		Steel w/ steel wheel

Steel Tank Devices

We design, manufacture and distribute the highest quality traction hoists and suspended access systems in the market.

Service available world wide through our network of Power Climber dealers.

Power Climber

Power Climber has been engineering and manufacturing hoists, platforms, rigging equipment, safety gear, and accessories for the suspended access industry since 1972. With facilities in North America, Europe, and Asia, Power Climber distributes its products through a global network of leading rental dealers.
